

Information Required For A Building Permit Application

CARPORT, GARAGE OR SHED

Complete this form & return it with the building permit application

The following is the minimum information that is required to be submitted for a building permit application.

Whilst the information required might seem excessive, please note that it is the Relevant Building Surveyors (RBS) responsibility to ensure that the application contains sufficient information to determine compliance with the Building Act and Regulations. It is not appropriate for the RBS to “mark-up” plans or accept notes on plans that are too general.

Where the RBS is not satisfied that the appropriate information has been provided they must not issue the building permit and should request further information.

Have you checked with the relevant officers if you require a Planning approval? (Note; where a planning approval is required, a building permit cannot be issued until the planning approval has been received).

Is the structure closer than 6m from the existing building? If so, has the designer of the building confirmed your properties Bushfire Attack Level (BAL)?

REQUIRED DOCUMENTATION (one electronic copy and one hard copy)

	Applicant Use	Office Use Only
• Completed application form (Form 1) signed & dated	<input type="checkbox"/>	<input type="checkbox"/>
• Copy of Certificate of Title & Plan of Subdivision	<input type="checkbox"/>	<input type="checkbox"/>
• (Owner Builders) a Certificate of Consent from the Building Practitioners Board to act as an owner builder if the value of work exceeds \$16,000 <i>(Building Surveyors Copy to be provided)</i>	<input type="checkbox"/>	<input type="checkbox"/>
OR	<input type="checkbox"/>	<input type="checkbox"/>
• (Registered Builders only) A Certificate of Insurance under the Domestic Building Contracts Act for domestic building work exceeding \$16,000 in value, constructed by Registered Building Practitioners <i>(Original document to be provided)</i>	<input type="checkbox"/>	<input type="checkbox"/>

Information Required For A Building Permit Application

Lifestyle & Opportunity

GENERAL PLANS

1 copy of drawings (maximum size of A3, or if larger-electronic version supplied) showing the plan at each floor level, elevations, sections, dimensions, the sizes and locations of structural members to a scale of not less than 1:100, as detailed below;

- **Floor plan** - fully dimensioned and labelled floor plan including, total floor areas, window & door sizes.
- **Sectional plan** - indicating roof cladding, pitch, floor, wall, roof construction details. Framework size and type and finished floor levels.
- **Elevations** - of each side of the building; which clearly indicate the building height in relation to existing and proposed ground levels.
- **Structural** - Fully dimensioned and labelled footing construction plan including reinforcement.
- **Bracing and tie down**- Specific connection details, a bracing layout and tie-down details for framework.
- **Steps & stairs** - Details of any steps, handrails, balustrades or the like.

1 copy of site plan (maximum size of A3, or if larger-electronic version supplied) to a scale of not less than 1:500 or other appropriate scale showing the following information;

- the boundaries and dimensions of the allotment and any relevant easements
- the position and dimensions of the proposed building and its relationship to
 - i. the boundaries of the allotment; and
 - ii. any existing building on the allotment; and
 - iii. any part of a building or land on an adjoining allotment, including the locations of their windows. (Note if the proposed building is greater than 9m and the adjoining building is greater than 3m from the allotment boundary, this information (in point iii.) is not required)
- the layout of the proposed storm water drains to the point of discharge on the allotment
- the location, dimensions and area of impermeable surfaces covering the allotment (i.e. concrete, paving swimming pools etc)
- the location and dimensions and area of private open space.

Form 1
Application for a
Building Permit

Building Act 1993 Building Regulations 2018 (Regulation 24)

TO: MUNICIPAL BUILDING SURVEYOR

Residential

Commercial

STAGE OF BUILDING WORK

If the application is to permit a stage of the work	
Extent of stage:	Value of stage: \$

Signature (Owner / Agent of owner):
Date:

- Note 1: Building practitioner means-
- a) A building surveyor; or
 - b) A building inspector; or
 - c) A quantity surveyor; or
 - d) An engineer engaged in the building industry; or
 - e) A draftsman who carries on a business of preparing plans for building work or preparing documentation relating to permits and permit applications; or
 - f) A builder including a domestic builder; or
 - g) A person who erects or supervises the erection of prescribed temporary structures; or
 - h) A person responsible for a building project or any stage of a building project and who belongs to a class of people prescribed to be building practitioners.

But does not include-

- i) An architect; or
- j) A person (other than a domestic builder) who does not carry on the business of building.

Note 2: Include building practitioners with continuing involvement in the building work.

Note 3: Include only building practitioners with no further involvement in the building work.

Note 4: The use of the building may also be subject to additional requirements under other legislation such as the liquor control Reform Act 1998 and Dangerous Goods Act 1985.

Note 5: If an owner-builder there are restrictions on the sale of the building under section 137B of the Building Act 1993. Section 137B prohibits an owner builder from selling a building on which domestic building work has been carried out within six and a half years from the completion of the relevant building work unless they have satisfied certain requirements including obtaining compulsory insurance. The building commission maintains a current list of domestic insurance providers.
