CAMPASPE SHIRE PROFILE

Campaspe Shire is located in north central Victoria, about 180 kilometres north of Melbourne. The shire encompasses a total land area of over 4,500 square kilometres. It has an estimated residential population of more than 36,000 people and continues to enjoy a positive population growth. The majority of the community resides in the townships of Echuca, Kyabram, Gunbower, Lockington, Rochester, Rushworth, Stanhope and Tongala, however we still have many people who live and work outside of these townships.

Campaspe Shire is a predominantly rural area, with the majority of our land used for agriculture, particularly dairy farming, cereal and grain growing and sheep. In addition to this on-farm production, manufacturing and construction are other primary contributors to our economy. The diverse landscape of the shire has also enabled tourism to develop and prosper which further broadens the economic base for the region.

Campaspe Shire is named after the Campaspe River, which was named by Major Mitchell in 1836.

Further details of the community profile can be found on the Campaspe Shire's website, www.campaspe.vic.gov.au
