

Kyvalley

Campaspe: Thriving Together

What we have heard

From our contact with the Kyvalley community, face to face and by survey, we understand that the local priorities are:

Healthy communities

- Concerns for young people and their mental health and activity balance.

Maintaining assets

- Infrastructure is maintained including sporting and community facilities.

Water

- Recognise the impacts of water leaving the area.

Environment

- A noticeable shift in climate change
- Some ground level education required around recycling and alternative energy opportunities.

Distance learning

- Careers for young people in the area with a capacity to learn via distance education.

Maintain support

- Kyvalley is one word
- Continue supporting the area.

Future focus

- More face to face meetings – Council staff and councillors
- Enjoys and recognises Council commitment to this community
