

Tongala

Campaspe: Thriving Together

What we have heard

From our contact with the Tongala community, face to face and by survey, we understand that the local priorities are:

Healthy families

- Access to good food and exercise options
- Increase support for children by providing infrastructure and activities to keep them engaged in healthy lifestyles

Environment

- A healthy natural environment
- Appropriate action around waste
- Weed eradication locally and increase solar facilities.

Infrastructure

- High quality community assets, such as roads, libraries, parks
- Update aging infrastructure.

Local growth

- Local job opportunities, especially for young people
- Need to address housing shortages to prepare for growth at local factories.

Water issues

- Protecting farmland
- Feeling the impacts of water availability issues locally
- Interested in cultural tourism
- Interested in growth of the town, the population and the industry in it.

Giving input

- Opportunities to give feedback on decisions that affect you
- Working along side people and groups required
- Increase in outgoing communications and using a variety of media.
