

Kyabram Wilf Cox Pavilion

Major Project Update - 04/02/2025

The Wilf Cox Pavilion is in sound structural condition but has non-compliant components such as disability access, internal toilets, no netball changerooms and football changing facilities that are not female friendly.

The building also requires new flooring, tiling and painting. This project will upgrade the current Pavilion to ensure it meets Australian building and accessibility standards, and provide suitable facilities for users of all genders and abilities.

Budget - \$3,200,000.00

Funding: Part funded by Council and Sports and Recreation Victoria (\$1,000,000 grant)

Expected Completion – June 2026
(SRV grant acquittal finalised by early August 2026)

Current Phase – Procurement

Works To Date

Detailed Design - complete

Public Tender—complete

Tender—Recommendation to Council
Briefing – 11/02/2025

Over the next few months – We anticipate that the contract will be awarded at the February Council meeting, with construction works to commence in late July.
