Councillor Service Awards 2023

The Municipal Association of Victoria (MAV) recognises Councillors for their long service to communities by hosting the annual Councillor Service Awards.

Councillor Gates and Councillor Weston were each recently recognised for 10 years of service in 2023.

Councillor Colleen Gates, Kyabram Deakin Ward, served as Councillor at Hobsons Bay City Council from November 2012 to October 2020. During this time Cr Gates served as Mayor from November 2014 to November 2015 and October 2019 to October 2020. Cr Gates was elected to Campaspe Shire Council in October 2020 and serves as Deputy Mayor.

Councillor Adrian Weston, Waranga Ward, was elected to Campaspe Shire Council in October 2012 and served as Mayor from November 2016 to October 2020.

4 The year that was

Mayor Amos reflected on the last 12 months, the year that was.

It has been an honour and privilege to be Mayor of Campaspe Shire Council during what has been another extraordinary year. A large focus of our work has been continuing to support our communities to navigate the aftermath of the pandemic, fires and floods.

The October 2022 flood was a defining event in our shire's history but it does not, and will never, define who we are as a community. Since the event, I have been heartened by the way our Council, our community and our stakeholder partners have worked together, both during the response phase and now in recovery, to address the many changes and challenges.

While there's still a long way to go in recovery for some individuals and communities, together we will continue to work with those still impacted building on camaraderie and support, that has been so readily demonstrated throughout the year, rallying together in times of need.

I'm particularly proud of our Council's advocacy efforts over the past 12 months which have been strong and wide-ranging. Some of the key issues we've advocated on include:

- Repairing our damaged critical infrastructure, such as roads and bridges and continuing our advocacy efforts in betterment funding.
- Establishing our fit-for-purpose recovery hub and dedicated recovery team.
- Presenting our key insights and learnings at the Flood Inquiry public hearing and actively advocating to federal and state government on mitigating the risk for future disasters.

I'm proud of Council's work in collaborating with our government and community partners on a range of flood-related issues, including facilitating a forum with the National Emergency Management Agency and the three levels of government to discuss ways of improving cross-border responses to emergencies.

We've been working with Murray River Council in NSW and stakeholders on recalibrating the Echuca Moama Torrumbarry Flood Study so we can better understand flood behaviour and better plan for the future.

We've also been a strong voice as part of the Murray River Group of Councils and Loddon Campaspe CEO Network on the removal of red tape and blockages around government funding for flood recovery, support for our more vulnerable members of our community, social, affordable and workforce housing to name a few.

As this year's Chair of the Murray River Group of Councils the Australian Government's proposed changes to the Murray Darling Basin Plan has been one of the most important policy priorities in the past 12 months and will continue to be a key issue for Council in the ensuing years. If these changes are passed, the impacts on our businesses, industries, economies and communities will be devastating.

In addition to a firm focus on flood relief and recovery, this year we've also had the strong desire to make the impossible -possible.

Just some of the tremendous outcomes that spring to mind this year have been –

- The return of several significant events that postponed because of the Covid-19 pandemic or floods, such as the Southern 80 and Riverboat Festival. With our team working with organisers to be adaptable in their delivery, we were able to draw thousands of visitors to our region and boost our economy.
- The opening of some fantastic open spaces which resulted from long held community aspirations in Gunbower, Rochester and Echuca. These projects were all wonderful examples of the fantastic outcomes that can be achieved when Council and community work together.
- Thousands of dollars have been provided to the community in grants for events, equipment, community spaces and groups. It is heartening to be able to assist so many wonderful community led organisations and together with my fellow councillors I've loved progressing some excellent projects such as Victoria Park, Rushworth Rail trail, Rochester Moon Oval lighting, Toolleen and Kyabram Netball Courts to name a few.

Feedback from the Community Satisfaction Survey told us we need to improve our communication with the community, and we've been directing our energies into getting out amongst our constituents and listening to what matters the most to them. To that end we've had over 770,000 visits to our website; 40,582 calls answered and thousands of emails to our team. We're reaching out to the community more than ever before, connecting and listening as we progress key strategies and projects for towns.

The inaugural Economic Development & Tourism Strategy Summit was a first for our organisation, with hundreds of our key business across the shire informing a future strategy's development. The findings from the engagement are shortly to be released for further input based on an enormous amount of information provided by our residents.

Whilst there's a long way to go, we've worked hard to repair flood damaged roads and facilities with over 900km of kilometres of roads graded since July and the team continuing to focus additional efforts to getting roads back on track and recreational spaces reopened for the community to enjoy. It was great to see unanimous support in redirecting budget towards the purchase of new equipment and additional staff to tackle the unenviable task head on.

One of the highlights in my Mayoral term was to proudly be welcoming over 90 new citizens to our region as new Australians and to see their pleasure in calling Campaspe home.

I would like to express gratitude on behalf of the Councillors to our CEO Pauline Gordon. Pauline joined us in October 2022, immediately following the floods, and had in fact, arrived a week early to volunteer her time during the immediate aftermath of the floods.

During her first year, she has overseen the appointment of five new directors and steered the ship through a significant restructure and recruitment period. Under her leadership, a cultural shift has

occurred throughout the organisation, and we look forward to watching this blossom even further as the new directors, managers and their teams progress.

Lastly, I'd like to thank my fellow councillors for the support you've shown me. Particular mention to Deputy Mayor Cr Colleen Gates for her advice and support.

We have all worked together extremely well in what has been one of the toughest years on record in Campaspe Shire.

I look forward to achieving even more great outcomes for the community with Councillors and staff during the year ahead.

There is still much work to be done over coming months but once again, thank you all for providing me with this opportunity.

The process for the election of the Mayor and Deputy Mayor is set out in rule 6 of the Campaspe Shire Council Governance Rules (the Governance Rules).

Initially, in accordance with section 20A of the Local Government Act 2020 (the Act) and rule 6.2 (2) of the Governance Rules, Council may by resolution, determine to establish an office of the Deputy Mayor.

Council must also, under section 26(3) of the Act and rule 6.2(4) of the Governance Rules, determine whether the term of office of the Mayor will be for a one- or two-year period. However, given this is the last year of a four-year term, the term of office will be one year.

Moved by Cr Jarman

Seconded by Cr Mackrell

That Council:

- 1. Resolve to establish the office of Deputy Mayor.**
- 2. Determine that the term of office of the Mayor and Deputy Mayor will be for a period of one year from 14 November 2023.**
