Introduction

The Kindergarten Central Registration Application Guide details the eligibility and allocation criteria used in offering kindergarten places at kindergartens participating in the Campaspe Shire Council Kindergarten Central Registration scheme.

This guide will be regularly updated and reviewed in line with Victorian state government kindergarten policy and reform changes.

What is kindergarten central registration?

Central Registration and Enrolment Scheme (CRES) is a best practice model for local councils to support families and carers to secure a kindergarten place for their child.

CRES provides a single point for families to apply for multiple kindergarten services within a local government area, helping them secure a place that meets their needs. It ensures that the process is simple, consistent, inclusive and equitable.

When to start kindergarten

Children can attend kindergarten programs in the two years before they start primary school. Please see the department's website for further information about sending your child to kinder and [When to start kindergarten | vic.gov.au \(www.vic.gov.au\)](https://www.vic.gov.au/when-to-start-kindergarten).

Use the [starting age calculator](#) and enter your child's birth date to find out when they can start Three-Year-Old and Four-Year-Old kindergarten.

Eligibility

Three-Year-Old Kindergarten

The Victorian Government introduced funded Three-Year-Old kindergarten in Campaspe in 2021. Three-Year-Old kindergarten is offered for up to 15 hours per week.

To be eligible for Three-Year-Old kindergarten, a child must be at least three years of age by 30 April in the year they are to attend Three-Year-Old kindergarten. Please note that children will only be eligible to complete one year of funded Three-Year-Old kindergarten. Families with children turning three between 1 January and 30 April have a choice about which year their child will start kindergarten. Children turning three between February and April in the year of attendance can apply and be offered a place at kindergarten, however children will not be able to commence in the program until they have turned three.

When enrolling in Three-Year-Old kindergarten, families with children turning three between January and April are encouraged to plan and consider the age they would like their child to start at school (i.e. start prep in the year they turn either 5 or 6). If families are unsure about the best time to start kinder, they can seek advice from a trusted early childhood professional such as local kindergarten teachers or their child's MCH nurse. All children learn and develop in different ways and families are best placed to consider when is best for their child to commence kindergarten.

Children attending a funded Three-Year-Old Kindergarten program are not eligible to access a second year of Three-Year-Old Kindergarten.

Four-Year-Old (year before school) Kindergarten

Children must be four years of age or older by 30 April in the year they attend kindergarten. Children are only eligible for one year of funded Four-Year-Old kindergarten in the year before school (unless qualifying for a second year.) Children requiring a second year of funded kindergarten must be assessed by their kindergarten teacher as meeting the criteria set by the [Department of Education and Training \(DET\)](#). This process is completed by the educator at the kindergarten service your child attends. This is completed prior to the end of their current enrolment year.

Early Start Kindergarten

Early Start Kindergarten (ESK) provides up to 15 hours of kindergarten to eligible three year old children. This may require your child to be placed in a program for four year old's or a mixed age group.

Your child is eligible for Early Start Kindergarten if they are:

- At least three by 30 April in the year they will be attending a kindergarten program **AND**
- Your child is Aboriginal and/or Torres Strait Islander OR;
- Your family has had contact with Child Protection OR;
- Your child is from a refugee or asylum seeker background

Children must be three years old prior to commencing in an Early Start kindergarten program. Please note that families with children turning three between February and April in the year of attendance can submit an application and be offered a place at kindergarten, however children will not be able to commence in the program until they have turned three.

For More information about ESK visit the Departments webpage - [Early Start Kindergarten](#)

Child's Immunisation Status - No Jab, No Play, No Pay Legislation

Under the 'No Jab, No Play' legislation, to confirm enrolment in a kindergarten program, families must provide the following;

- A current immunisation statement from the Australian Immunisation Register (AIR); AND
- The statement must show that the child is up to date with all vaccines that are due for their age, or that they are able to receive.

Immunisation History Statements can be downloaded from your MyGov Account, the Medicare App, by calling the Australian Immunisation Register on 1800 653 809 or by visiting your local Medicare office. If you are unable to access your child's statement, please contact our team for support.

A valid medical exemption for children who are not able to be fully vaccinated includes:

- An anaphylactic reaction to a previous dose of a particular vaccine or
- An anaphylactic reaction to any vaccine component
- Has a disease which lowers immunity (such as leukaemia, cancer, HIV/AIDS, SCID) or;
- Is having treatment which lowers immunity (such as chemotherapy).

If a child has a medical reason they cannot be vaccinated, a GP or immunisation nurse would need to complete and sign a Medicare Immunisation Exemption Medical Contraindication Form and send to the Australian Childhood Immunisation Register (ACIR).

Central registration timeline

1 May	Registration applications open
30 June	Central registration applications close for 1st round offers. If you do not submit your kindergarten registration prior to 30 June your application will be deemed as late. You will not be eligible for first round offers.
Mid July	Eligible 1st round offers made via email.
End of July	Eligible 2nd round offers made
Mid August	3rd and final round offers made (if vacancies still available)
From September	Council accepts registrations throughout the year. Places will be allocated as applications are received (if vacancies exist)

How Places are allocated: Three-Year Old and Four-Year-Old kindergarten

If there are an equal (or lesser) number of kindergarten places available to applications received, all applicants will receive an offer according to their first preference. If your first preference is unavailable, you will be offered the next available preference in order. If there are more applicants than places available at a particular kindergarten, places will be allocated in accordance with the Victorian government and local priority of access guidelines (see below). Please only list preferences that you are willing to accept.

Please note that Three-Year-Old kindergarten enrolments will not be carried over to Four-Year-Old kindergarten the following year. Families attending services will be required to submit a new central registration application each year. This is DET's policy position during the roll out of Three-Year-Old kindergarten to ensure equal opportunity for Four-Year-Old kindergarten to all children (not just those who attended Three-Year-Old kindergarten).

Priority of access criteria

The priority of access criteria are requirements set by the Victorian Government specifying how kindergarten places must be allocated to children. It works to ensure that:

- a transparent, equitable and approved process is followed.
- the maximum number of children receive a kindergarten place.
- children who are eligible for priority places are allocated a place in their kindergarten of choice.

We have a strong commitment to ensuring that, wherever possible, all children are allocated a place in a kindergarten service. We cannot, however, guarantee a kindergarten placement for every child.

Applications are processed in line with the priority of access guidelines below:

(Disclaimer: Priority access is based on current Legislation. These priorities are current at time of printing.)

Kindergarten Placement Offers

Accepting an offer

An email will be sent to families offering your child a placement. Please ensure you check your inbox as well as spam/junk email folders.

Families are required to accept/decline offers within 7 days. If a response is not received within the allocated timeframe families will receive a reminder email, followed by a phone call if no further response is received. If families are unable to be contacted after multiple attempts and no response is received, the placement will be forfeited and offered to the next child on the waiting list.

After an offer is accepted

When a kindergarten offer is accepted, your information will be forwarded onto the relevant kindergarten/early years manager. Kindergartens will contact families directly about orientation and finalising your child's enrolment into kindergarten.

Declining an offer

If a family chooses to withdraw an accepted offer they are required to notify Council's Kindergarten Registration team on 1300 666 535 or kinder@campaspe.vic.gov.au.

Change of personal details

Please ensure that your contact details are kept up to date with Council. If Council has incorrect details we will be unable to contact you with information which may be important to your child's kindergarten application

Changing preferences

Any change to an application should be discussed with the Central Registration Officer by phoning 1300 666 535 or by email to kinder@campaspe.vic.gov.au. Council will communicate any changes to the kindergarten and early years manager/committee. Please note: any change of preference received after 30 June will be treated as a new application and will not be eligible for first round offers.

Waiting list

The kindergarten registration system allocates families in accordance with the priority of access criteria. If you do not receive your first preference, you may choose to not accept alternative preferences and remain on the waiting list at your preferred kindergarten. Council will notify families if/when a place becomes available.

Second year of funded Four-Year-Old Kindergarten

During the Four-Year-Old Kindergarten year, the early childhood teacher and the child's parents and/or carers will work together to plan for the child's transition to school. It is recognised that some children may benefit from an additional year of funded kindergarten prior to commencing school. A second year of funded Four-Year-Old Kindergarten may be considered when a child shows delays in learning and development outcome areas, and when:

- the kindergarten program is deemed to be the most appropriate learning program
- the child will achieve better outcomes at kindergarten than if they go to school.

In considering which educational learning environment will best support a child's learning and development it is important that families visit and talk with the principal at the school they intend their child to go to during Term 2 or Term 3 to find about the school program and the types of support available for their child in Foundation.

A second-year assessment process must be carried out for each child by an early childhood teacher when a second year is being considered. Applications for a second year of funded Four-Year-Old kindergarten are submitted by a child's teacher to the Department of Education (DE) for approval.

For more information, see the Departments website [Second year of funded Four-Year-Old Kindergarten | vic.gov.au \(www.vic.gov.au\)](https://www.vic.gov.au/second-year-of-funded-four-year-old-kindergarten)

Children attending a funded Three-Year-Old Kindergarten program are not eligible to access a second year of Three-Year-Old Kindergarten.
